DELIVERING FOR NORTH SYDNEY

Our community faces real challenges:

- Overdevelopment
- Traffic, Transport, Tunnels
- Environment

The CommUnity 1st team has the vision and drive to protect North Sydney's future.

We stand for and will fight for:

- Council transparency and accountability.
- Controlled development with developers paying their way in financial contributions to add parklands and sports fields.

- Financial responsibility.
- Promote traffic calming to enhance pedestrian and cyclist safety.
- Supporting local business.
- Preserve North Sydney's villages.
- Support and care network for families.
- Protecting and expanding open space – Bradfield Park, Cammeray (Golf Course) parklands, Berry's Bay western foreshore and The Highline.
- We will advocate on the community's behalf for a better deal from the State Government. Now is the time for North Sydney to stand up and fight for our community benefits.
- A community say in State Government infrastructure developments - advocacy to support more parklands and benefits to the community.
- The CommUnity 1st Team will not commit to a Mayor until all Councillors are elected.

Vote for our team #1 above the line as we will put our CommUnity 1st.
